Isaac PracticeOS

The First AI-Native Practice Management System

**Legacy PMS wasn't built for AI.
Bolt-ons don't work.
We started over.**

Isaac PracticeOS works alongside your team without friction.

Powered by Isaac OneHealth, the leading Clinical Intelligence in Dentistry.

WHY PRACTICES SWITCH

- ✓ Claims submitted same-day, fewer denials
- ✓ Front desk freed from insurance calls
- ✓ Cancellations filled automatically
- ✓ One system instead of seven

Bring a denied claim. Watch Isaac prepare it.

Key Features

BILLING

7 AI agents prepare every claim

- Correct codes, verified coverage, clinical narratives
- Submitted and tracked automatically
- Payments post themselves

FRONT DESK

AI Receptionist with 52 tools

- Answers calls, books appointments
- Fills cancellations from smart waitlist
- Handles recalls automatically

SCHEDULING

Finally intelligent

- Lab case status visible before you seat
- Multi-visit sequences scheduled correctly
- Conflicts caught before they happen

CLINICAL

Treatment to payment, one flow

- AI treatment planning
- X-ray and CBCT analysis
- SOAP notes from voice
